This piece contains four beats in each measure, each beat being worth one quarter note in value.

Go directly to the strings without hesitation, or buzzing will result.

A whole note gets four beats: $\left| \text{♩} \text{ 1, 2, 3, 4 } \right|$, and so is equal to two half notes: $\left| \text{♩} \text{ 1, 2, 3, 4 } \right|$

or four quarter notes: $\left| \text{♩} \text{ 1, 2, 3, 4 } \right|$
